EDUCATION

Student in Electrical Engineering 2018 – 2023
UFSC – Federal University of Santa Catarina Florianópolis, Brasil

PROFESSIONAL EXPERIENCE

Member 04/2019 – Currently
PET-Metrology and Automation (PET-MA) Florianópolis, Brasil

Through the implementation of projects in partnership with companies and laboratories, PET-MA members develop technical and project management skills, approaching the actual work of an engineer, as well as achieving personal and managerial growth through internal activities of training.

Co-founder & Administrator 08/2018 – Currentley
Gemini Florianópolis, Brasil

Its objective is to act through the transfer of knowledge that was acquired over the years, in addition, bringing inspiring stories of young people who went through the same difficulties that most of the students currently face, but who have managed to overcome and achieved excellent results. In addition we act as a mentor, offering services that assist in the preparation for the college entrance examination.

Program of Ambassadors 08/2018 – 12/2018
Estudar Foundation Florianópolis, Brasil

Acting in sales and promotion of institutional image.

ADDITIONAL EXPERIENCE

Scouting 2011 – 2015
Social project Anápolis, Brasil
